

EVERY VOTE MATTERS

PROPERTY TAXES AFFECT EVERYONE.

Assessor Fritz Kaegi has:

- Mismanaged property tax exemptions, shifting \$250M+ in taxes onto others.
- Failed to capture new construction value, causing \$444M+ in lost taxable value.
- Caused late tax bills in 2022 and 2025, forcing schools and governments to borrow
- Created wild assessment swings, targeting commercial properties but shifting burden to residential owners.
- Repeatedly tried to weaken taxpayer protections and appeal rights.

Pat Hynes is running to bring stability and confidence to property tax assessments. His vision is to promote fairness and economic growth for all our communities, and he has the expertise to do it.
